CHARLOTTE BAER MEMORIAL AWARD RECIPIENT

ROBERT M. PEARL, MD
Executive Director & CEO, The Permanente Medical Group
President & CEO, Mid-Atlantic Permanente Medical Group
The Charlotte Baer Award is named for the UCSF clinical faculty member who died in 1973. Baer moved to California after fleeing Nazi Germany in 1938. Her practice in internal medicine was characterized by her devotion to her patients, and tenacity and vigor in her pursuit of obscure diagnostic problems. Her many accomplishments included helping to set up the peer review process used by the California Medical Association and Blue Shield, and organizing a synchronized swimming group in San Francisco — she had been the intercollegiate breaststroke champion of Europe but was not allowed to compete in the Berlin Olympics because she was a Jew.

After her death, her family asked that money be donated to UCSF in lieu of flowers. The campus and School of Medicine decided that the best way to memorialize her was to establish an award to recognize clinical faculty contributions to the School of Medicine.
