General Description

Design, organize and maintain a reference page on the Bridges Wiki

Project Details

Create a Bridges Wiki page for the organization and posting of references relevant to the Bridges Curriculum. This will include organizing existing resources, posting resources forwarded by design groups, locating resources via literature reviews as needed, and keeping the page updated as additional materials and references become available.

Volunteer Requirements

- **Estimated Hours**: 1 hour a week
- **Skills Required**: Wiki design, literature reviews, using consistent citation style
- **Benefits for Volunteering**: Experience designing a wiki page and maintaining a helpful resource
