Flu Shot Availability at UCSF, SFGH, and SFVA

Dear Residents and Fellows-

As you know, flu shots are required for healthcare workers in order to protect yourselves and your patients. If you have not done so already, please obtain your flu shot as soon as possible at UCSF, the San Francisco VA, or SFGH. Please see below for shot availability. In addition to the places listed below, you can find nurse Flu Shot Deputies at UCSF clinical sites (ie Moffitt/Long) who will give you a flu shot...look for the black vests that say “Flu Shot Deputy.” For more information and schedules, please go to http://www.occupationalhealthprogram.ucsf.edu/

As a trainee, your compliance will be tracked automatically if you obtain your shot at one of the above mentioned sites and you will also obtain the mandatory sticker for your ID badge. If you do not have a sticker you will have to wear a mask in patient care areas.

You may elect to obtain your shot at a site other than UCSF, SFVA, or SFGH. If you do so, please retain a copy of the proof of vaccination document you receive and take it to the UCSF Occupational Health Clinic entered into the tracking database and obtain the sticker for your ID badge.

Last year we reached 100% compliance with this important policy. Thank you in advance for helping us do so again this year!

Amy

UCSF – Mt Zion
Hellman Conference Room
Today, 10/29: 12:30pm – 6:00pm
Tomorrow, 10/30: 7:30am – 3:30pm
