Dear all,

Please take this important opportunity to help second year medical students prepare for their clerkships! UCSF School of Medicine’s Foundations of Patient Care (FPC) course urgently needs **preceptors for three preceptorship sessions in September 2016**. Students need practice in history-taking, full physical exams, writing SOAP notes, and oral presentations. By the end of the three preceptorship sessions, students should be able to gather a complete medical history and conduct 1-2 full physical exams, with supervision. Sessions occur:

Tuesday, Sept 6, 13, and 20, from 1-5pm

**OR**

Thursday, Sept 1, 15, 22, from 1-5pm

**OR**

Three flexibly scheduled sessions (only if you are in the ED, or hospitalist) to be arranged with the student at mutually agreeable times between the dates of 9/1 - 9/22.

If you are interested, please confirm with your program director and then fill out this very quick [survey](#) to provide your availability. All questions should be directed to Stephanie Soong ([stephanie.soong@ucsf.edu](mailto:stephanie.soong@ucsf.edu)).

Thank you for your consideration!

-UCSF FPC Preceptorships Team
