

Inquiry Symposium 2018 – Pod Directory

May 2, 2018

SESSION #1 11:30am – 12:30pm

POD #1

Facilitator: Chris Stewart, MD

Caroline Andler	93	E-ASSESS: Creating an EPA-Based Assessment Tool for Use in Simulated Emergency Scenarios
Joe Darryl Baal	170	Investigating the Association Between Type 2 Diabetes and Early Knee Cartilage Degeneration via Quantitative MRI – Preliminary Results of a Pilot Study on the Metabolic Subtype of Osteoarthritis
Amalie Back Nielson	39	Children with acute lymphoblastic leukemia have increased arginase 2 at birth, implicating immunosuppression in leukemogenesis
Peter Barish	161	A Novel Diagnostic Reasoning Curriculum Using PIVOT, an Interactive Mobile Application
Shire Beach	69	Improving Transitions of Care in the ICU

POD #2

Facilitator: Dan Lowenstein, MD

Katrine Bernholm	97	Decrease in Tissue Oxygenation as predictor for Myocardial Injury in Patients undergoing Major Spine Surgery
Hannan Braun	35	Individual and partnership factors associated with anticipated versus actual partner notification following STI diagnosis among men who have sex with men and/or with transgender women in Lima, Peru
Daniela Brissett	193	Zika virus: knowledge assessment of residents and health care providers in Roatán, Honduras following an outbreak
Elizabeth Bruns	104	“Out of a dark hole”: The psychosocial (r)evolution of chronic pain experienced by vulnerable patients attending an integrative pain management program
Lennox Byer	186	Analysis of genetic risk factors associated with the development of cerebral microbleeds, a marker of poor neurocognitive function in pediatric brain tumor patients
Julia Chang	73	Implementation of novel educational adjuncts for the World Health Organization Basic Emergency Course is feasible and may improve learning

POD #3 –*Facilitator: Mallar Bhattacharya, MD*

Marguerite Changala	138	Current management of preoperative DNR orders: An investigation using the example of venting gastrostomy tube placement for malignant bowel obstruction.
Mayra Cruz	199	A follow up on Fear of Discovery among Latino Immigrants presenting to the Emergency Department
David Chen	114	Hospital-Based Newborn Care Education in Jaltenango de la Paz, Chiapas, Mexico
Samantha Coffino	156	Neonatal Status Epileptus: An underrecognized phenomenon.
Morgan Cronin	173	Supporting Students at Risk of Step 1 Underperformance in Two Curricula: Program Evaluation and Best Practices Development
Marguerite Changala	139	What is the value of studying the humanities in medical school?: The medical student perspective.

POD #4*Facilitators: Peter Chin-Hong, MD*

Health Systems and Leadership Group	116	Key Strategies Utilized by Large Academic ACOs Participating in Medicare Shared Savings Program (MSSP)
Brandon Dotson	151	A qualitative study of factors influencing underrepresented medical students' decision making about residency training programs
Paul Elizondo	102	Cyberstalking Directed at Youth: A Review of Statutes and the Role of the Forensic Psychiatrist
Kirkpatrick Fergus	182	Urinary and sexual function after perineal urethrostomy: A multi-institution analysis from Trauma and Urologic Reconstructive Network of Surgeons (TURNS)
Hillary Fisher	90	Increasing Influenza Vaccine Rates to Achieve Herd Immunity: A Policy Brief
Julie Gandrup	43	Effect of Three Health IT Interventions on RA Disease Activity Score Documentation in an Academic Rheumatology Clinic

POD #5Facilitator: *Maria Wamsley, MD*

Daniel Hoffman	125	Oxidized MIF drives glioblastoma cell invasion through unique signaling mechanisms
Laura Kaplan	191	Teaching Case Formulation in an Evolving Field (Of note, abstract title may change.)
Daniel Minter	146	Pulmonary emboli in patients with the acute respiratory distress syndrome: prevalence and relation to mortality
Clarice Nguyen	88	Effect of cost exposure on medical students' preferred mammography screening strategies: a randomized comparison
Hannah Obasi	92	The effect of acculturation on the community perspective on childhood disability in Arequipa, Peru: a quantitative study of utility scores
Pooja Shah	197	"I don't like my bleeding, but at least I'm not pregnant": Choice of long-acting vs short-acting hormonal contraception methods by Guatemalan women

POD #6Facilitators: *Gordon Strewler, MD*

Amelia Wing	189	Young Women's Preferences and Satisfaction with Current Contraceptive Method
Dennis Zheng	174	Key findings from a trauma registry at a regional hospital in Uganda.
Kelsey Japs	78	SOURCES OF DRUG INFORMATION IN NEONATAL GUIDELINES OF LOW- AND MIDDLE-INCOME COUNTRIES
Ilana Garcia-Grossman	175	Preferences for home-based self-sampling versus clinic-based cytology testing for cervical cancer screening
Berkenesh Gebrekristos	176	Validation of the Individuated Grip Gauge Interface as a Force Modulating Tool in Subjects After Stroke
Line Dam Heftdal	168	MYC-DRIVEN LYMPHOMAS SUPPRESS NK SURVEILLANCE BY BLOCKING MATURATION OF EARLY NK CELLS

POD #7*Facilitator: Igor Mitrovic, MD*

Kafi Hemphill	94	The Impact of Changes in Health Expenditures Per Capita, Population Growth, and Aging on Ischemic Stroke Deaths by Country, 1995-2014
Mats Hojbjerg Lassen	135	Ratio of Transmitral Early Filling Velocity to Early Diastolic Strain Rate Predicts Long-Term Risk of Cardiovascular Morbidity and Mortality in the General Population
Corina Iacopetti	144	Trafficking as a Pediatric Issue - A Global to Local Exploration
Jason Mefford	48	Mind of the Resuscitator: A Pilot Psychological Skills Training Curriculum for Emergency Medicine Residents
Robert Inglis	185	Cognitive Impairment and Intracranial Pressure at Altitude: Characterizing the relationship between high-altitude cognitive impairment and changes in optic nerve sheath diameter
Zachary Jacobs	36	Narrative Practices Among Global Health Fellows: A Needs Assessment for Future Curriculum Development

SESSION #2 1:00-2:00pm

POD #8*Facilitator: Mylo Schaaf, MD*

Nathan Karp	28	Trusted to perform: Clerkship students' perspectives on the role of trust in the clinical learning environment
David Lee	165	Biochemical properties of a decoy oligonucleotide inhibitor of STAT3 transcription factor
Jonathan Pai	171	Foundational science integration on the wards: a thematic analysis
Rodell Santuray	181	Functional Consequences of PTEN Loss in Head and Neck Squamous Cell Carcinoma in Preclinical Models and Their Response to Non-steroidal Anti-inflammatory Drugs.
Kali Zhou	115	Impact of hepatitis B seroprevalence on spontaneous surface antigen loss among adults living with chronic hepatitis B infection: a systematic review and meta-analysis
Katie Kowalek	64	The Impact of Perspective-Taking on Moral Distress in the Pediatric Intensive Care Unit

POD #9*Facilitator: Scott Oakes, MD*

Megan Lockwood	198	Practice Improvement using Virtual Online Training (PIVOT): A novel mobile app-based platform for teaching clinical reasoning
Michael Lubrano	194	Cannabis In Medicine: A National Policy Conundrum
Vy Ly	57	Ketamine is a safe and effective adjunct to epidural analgesia for pancreatectomy
Devvrat Malhotra	180	Important discussions to reduce suffering: Palliative care in Delhi, India
Ryan McMahan	46	Anxious, Depressed, and Planning for the Future: Associations with Advance Care Planning

POD #10*Facilitator: Kristie White, MD*

Revati Nafday	155	Integrating Basic EEG Instruction for Residents into the Cardiac Anesthesia Curriculum
Thuy Nguyen	148	Pilot study of self-guided video based modules to teach hyponatremia to medical students
Matthew Pimentel	49	Motivations Among Sexual Minority Men for Starting and Stopping Indoor Tanning
Maxim Pochebyt	167	Using Student Experiences to Guide Medical School Pain Education Curriculum Development
Faustine Ramirez	70	Sleep disturbances in children with atopic dermatitis throughout childhood: a population-based longitudinal birth cohort study
Joel Ramirez	123	Peripheral Artery Disease is Associated with a Deficiency of Erythrocyte N-3 Polyunsaturated Fatty Acids

POD #11*Facilitator: Jane Jih, MD, MPH*

Suravi Raychaudhuri	172	Characterization of CD70 expression on cutaneous T-cell lymphomas
Margaret Robinson	200	Performance Feedback on Clinical Decision-making for Pediatric Residents on night Float
Jackeline Rodriquez-Smith	101	A Targeted Needs Assessment for Creation of a Pilot General Inpatient Pediatric Intern Oriented Curriculum at UCSF Benioff Children's Hospital of Oakland
Sandeep Sabhlok	26	Mental Health in the Widow Colony: Assessing PTSD and MDD in Refugee Trauma Survivors in India
Ignacio Salas	41	Non-Invasive Cardiac Output Monitoring in Sepsis – Fluid Responsiveness in the Emergency Department
Eileen Shu*	211	Pre-Hospital qSOFA as a Predictor of Sepsis and Mortality

*will not present

POD #12*Facilitator: Erick Hung, MD*

Thomas Sorrentino	51	Circulating Exosomes from PAD Patients Modulate Vascular Inflammation and Repair
Steven Straube	95	Evaluation of online educational adjuncts for the WHO Basic Emergency Care (BEC) Course
Martha Tesfalul	42	Sometimes Less is More: Decreasing the Amount of Opioids Prescribed After Cesarean Section
Sagar Wagle	100	Magnetic resonance imaging patterns of bone marrow edema help separate pediatric osteomyelitis and primary long bone tumors.
Grace Wang	99	Program Assessment of Rehabilitation Training for Home-Based Palliative Care Community Health Workers in Rural Malawi
Amy Steinberg*	205	The Epidemiology of Stroke in the Navajo Nation, 2001-2014

* Will not present

POD #13 – Clinical & Translational Research*Facilitator: Claire Horton, MD*

Iris Jovel	58	Understanding Decision Certainty among Women Searching Online for Abortion Care: A Pilot Study
Ashkan Ahmadian	164	Risk and Resilience: Identifying Factors that Predict PTSD Symptom Trajectories
Mia Williams	77	Assessment of Internal Medicine Resident's Ability to Communicate Management of Chronic Disease with Limited English Proficiency patients
Bethany Woomer	98	Help Us See What You See: Investigating Pediatric Learners Experience of Bias in the Workplace
Chelsea Xu	130	Influence of Molecular Subgroups and Systemic Therapy on Outcomes of Metastatic Breast Cancer Patients Receiving Stereotactic Radiosurgery for Brain Metastases
