Charlotte Baer Memorial Award

The Charlotte Baer Memorial Award is presented annually to a member of the volunteer clinical faculty of the School of Medicine in recognition of distinguished service. This award is named in honor of Dr. Charlotte Baer, who was a practicing internist in San Francisco and a member of the volunteer clinical faculty for almost 30 years. Dr. Baer was an outstanding clinician with exceptional humanistic qualities who served as a role model and teacher to hundreds of our students and residents. See biography on Dr. Charlotte Baer.

In Memoriam

One of our most engaged volunteer clinical faculty, Dr. Howard Kline passed away this past June. He was a clinical professor in the Department of Medicine, who taught medical students for more than 50 years. Dr. Kline was a highly respected and beloved teacher, who received the Special Recognition Teaching Award for VCF in 2010 and 2016. He is survived by his wife, Dr. Ellen Sawamura, and children.

Maxine Papadakis Awards for Faculty Professionalism and Respect

The new Maxine Papadakis Awards for Faculty Professionalism and Respect advance UCSF values in medical education. These awards recognize faculty who are exemplars in treating students and all others in the clinical environment with professionalism, courtesy and respect.

Dr. Papadakis is Professor Emeritus who retired in 2016 as Associate Dean for Students at UCSF School of Medicine. It was Dr. Papadakis' work that led to the "respect" questions on the student evaluations of faculty.

We celebrate the faculty teachers in the core clinical rotations who are honored with these awards, as they significantly impact the clinical learning climate for our students.

Henry J. Kaiser Awards for Excellence in Teaching

The Henry J. Kaiser Awards for Excellence in Teaching were established in 1969 with funds provided by the Henry J. Kaiser Family Foundation. They bestow significant academic distinction, as well as a small monetary award for the recipients. Faculty members who teach medical students or residents are eligible for nomination, and only medical students and residents can make nominations. This year we celebrate the recipients of the Kaiser awards in 4 categories, including the award recipient from Fresno Medical Education Program.

Pathways Mentor of the Year Awards – Acknowledgement

The Pathways Mentor of the Year Awards were presented to the winners earlier this year, during the May Inquiry Symposium. These awards honor the mentors' commitment and dedication to nurture leaders, innovators, advocates, and researchers at UCSF. A strong mentor is the key to a successful and satisfying legacy experience. Candidates for the Pathways Mentor of the Year Awards are nominated by their mentees, and the winners are selected by the Pathways to Inquiry Board of Directors.

Teach for UCSF Certificate Program – Acknowledgement

Teach for UCSF is a program of the Center for Faculty Educators that creates defined educational paths based on specific sets of free workshops, ranging from 16 to 35 hours of instruction per certificate, plus individual assessments during each workshop.

Individuals develop focused teaching skills in any of six tracks. The program is open to current and future faculty at UCSF and at affiliated institutions (i.e., residents, fellows, volunteer faculty). For more information, see: meded.ucsf.edu/cfe/Teach-for-UCSF.
