

Consultation Requirements and Contacts

Requirements

If your project will involve the use of educational technologies, clinical simulation, artificial intelligence, or is closely linked with the UCSF Bridges curriculum, you **must** consult the campus resources that are applicable to your project:

- Determine what services, equipment and resources they may have to support your project.
- Determine what requirements they may have for your project (e.g., resources, adequate staff). Staff listed here can advise you on the resources you may require.

Contacts

Educational Technologies
Consult the educational technology staff within your school for assistance with your project design and for advice about other resources: <ul style="list-style-type: none"> <input type="checkbox"/> School of Medicine: Director Tech Innovation Christian Burke, Christian.Burke@ucsf.edu <input type="checkbox"/> School of Pharmacy: Kylie.Leung@ucsf.edu (clinical education) and Rachel.Lynch@ucsf.edu (didactics) <input type="checkbox"/> School of Nursing: Education Technology and Curricular Innovation HUB Office <input type="checkbox"/> School of Dentistry: Office of Curriculum Support
To explore Canvas LMS, Collaborative Learning Environment (CLE) and instructional design information please visit the Ed-IT Ed Tech Portfolio .
Consult Educational Technology Services for assistance and potential support with classroom technologies, video production and lecture capture by visiting the Ed-IT services website .

Clinical Simulation
For proposals involving the Kanbar Center for Simulation and Clinical Skills , consult with Susannah Cornes, MD (Education Director), who can advise on projects that involve simulation and related teaching methods, including MedSimAI . Visit the Kanbar website or contact: Susannah.cornes@ucsf.edu , kanbar@ucsf.edu .

Artificial Intelligence (AI)
For all AI-related proposals , consult with Christy Boscardin, PhD (Director of Artificial Intelligence, UCSF School of Medicine) to ensure that your project is in alignment with the AI charter. Contact: Christy.Boscardin@ucsf.edu . For more information about AI resources at UCSF, visit the UCSF AI platforms, tools, and resources website .

Bridges Curriculum
If your proposed project is closely linked with existing UCSF Bridges curriculum , consult with Sara Clemons, MEd (Executive Director of Assessment, Curriculum and Evaluation), to discuss any potential administrative staffing needs. Contact: Sara.Clemons@ucsf.edu .
