mentors, faculty advisors
Other faculty mentors

Did you review the list of programs to which you applied with a Specialty Advisor?

Yes 3
No 3

Before ranking programs, did you review your rank list with a Specialty Advisor?

Yes 3
No 3

If not a Specialty Advisor, whom did you review your rank list with?

| | |
|-------------------|---|
| Family | 3 |
| Outside mentor(s) | 2 |
| Partner/Spouse | 5 |
| Residents/Fellows | 2 |

Other: Please describe

Were you advised to do an away rotation by a specialty advisor?

| | |
|-----|---|
| Yes | 6 |
| No | 0 |

**Who was your most effective career advisor for your specialty?
(number of multiple mentions)**

| | |
|--------------------------|---|
| Dr. Alan Shindel | 3 |
| Dr. Samuel Washington | 1 |
| Urology Advisor | 1 |
| Outside resident mentors | 1 |

If you were to do anything differently in the residency application process, what would that be?

I would have appreciated more advice on how to think about ranking programs and how to set myself up for a successful interview.

include research from before medical school, focus more on including leadership roles however possible, emphasize desires for teaching

Applied to sub-I aways a lot earlier than the program's website or VSLO states

Start researching and applying to away rotations earlier.

Please provide any other information that might be helpful to UCSF students who will apply to your specialty choice in the future

Networking is crucial

Urology is a small field, so make sure you take advantage of all the big name faculty in the field here at UCSF. Try in see if you can become involved with research opportunities early on.
