SJV PRIME Assistant Director: Erica Gastelum, MD

UC PRIME Programs

- UC PRIME is an innovative training program focused on meeting the needs of California's underserved populations in both rural communities and urban areas by combining specialized coursework, structured clinical experiences, advanced independent study and mentoring.
- Each new program has an area of focus that is selected based upon faculty expertise, the populations served by each school and its medical center, and other local considerations.
- Each continues to develop and improve its guidelines for admission and recruitment of students and its new curriculum designed to educate and train future physician leaders, researchers and advocates for the communities they will serve.

UC PRIME Programs

- 2004 UCI – PRIME LC
- 2007 UCSF – PRIME US
UCD – Rural-PRIME
UCSD – PRIME-HEq
- 2008 UCLA – PRIME-LA
- 2011 UCSF Fresno, UC Davis, UC Merced (SJV PRIME)
 - 2017: Decision at level of UCOP with all UC partners for UCSF Fresno to have a single institution for GME and UME

Rationale

- **Inadequate workforce/pipeline**
 - Lowest ratio MD/population in CA
 - Aging workforce
 - Very low ratio housestaff/population
- **High patient needs**
 - Growing geriatric population
 - High and growing incidence of poverty among 65+
- **Consequences – Impending Health Care Crisis**
 - Worse health outcomes
 - Less access to care (primary and specialty)
 - Limited access to research advances
