2017/2018 Survey Respondent Cohort Data

Specialty: Internal Medicine-Subspecialties
N= 3 (1.3% survey respondents)

Item	N	% of specialty cohort	Mean	Standard Deviation	Min	Max
How many programs invited you to interview?			13.7	4.7	10	19
How many interviews did you accept?			10.0	3.0	7	13
Did you review your application with a career advisor before applying?	3	100.0%				
Before ranking programs, did you review your rank list with a career advisor?	1	33.3%				
Total Spent on Interviews						
\$0-\$500	0	0.0%				
\$501-\$1000	1	33.3%				
\$1001-\$2000	0	0.0%				
\$2001-\$3000	2	66.7%				
\$3001-\$4000	0	0.0%				
>\$4000	0	0.0%				
Did you complete a Pathway project?	0	0.0%				
Did you complete a research project in the field you matched?	2	66.7%				
Did you have a publication during medical school?	3	100.0%				

The field project was in:

Infectious disease, hospital medicine

Rheumatology

Describe any publications:

3 from my PhD. Co-first author in Nature Structure and Molecular biology. One first author in J. Biol. Chem. One review in Science. / One middle author from medical school in Arthritis and Rheumatology

Global health / education ; Infectious disease modeling; Case reports

Population based epi survey

**Who was your most effective career advisor in field matched?
(number of multiple mentions)**

Dhaliwal

Kristina Sullivan

What were your most useful career resources?

Career center mock interviews and CV feedback

Current residents and fellows.

If you had to do anything differently in the residency matching process, what would it be?

Go to fewer interviews.

Interview fewer places

Take step 2 CS seriously. Believe in yourself.

Is there any other information helpful to UCSF students who will apply to your specialty choice in the future?

For MSTPs, the advising provided through the department of medicine was not very helpful. I ended up applying to and interviewing at more programs than I needed to.
