**Who was your most effective career advisor in field matched?
(number of multiple mentions)**

Dr. Kapadia

Dr. Tom McNalley

What were your most useful career resources?

If you had to do anything differently in the residency matching process, what would it be?

Don't apply to programs in geographical areas I was sure not to want to go to

Is there any other information helpful to UCSF students who will apply to your specialty choice in the future?

You do not have to do an away rotation at any institution to get an interview there, so don't stress out. On every interview I went to, there were a good number of people who had not rotated there. I myself only did one away rotation.
