

# Taxi Voucher

ZSFG provides free one time use taxi vouchers for eligible residents/ fellows.

In the event a trainee has worked an extraordinarily long shift and is unfit to drive home, they can obtain a taxi voucher to get them home safely.

The taxi voucher is limited to UCSF Residents and Fellows (MDs and DOs) in an accredited program doing clinical rotations at ZSFG.

Trainees can take two vouchers, one for a ride to the trainee's home and one for a ride back to ZSFG. Both rides are at no cost to the trainee.

Residents and Clinical Fellows may obtain taxi vouchers from the binder located in the printer cabinet inside the computer room in the ZSFG Resident Lounge in Room GL18. Trainees should completely fill out the log sheet when taking vouchers.

Trainees will need to sign a log-sheet, provide their home program name, number of hours worked, and UCSF provider ID.

The voucher/card is good for a one-way ride home with Yellow Cab. To schedule a pick-up, residents and clinical fellows should call Yellow Cab at (415)-333-3333.

This program is monitored for pickup and destination accuracy as well as overuse or inappropriate use. If any trainee is found to have abused this program they will be required to reimbursement the Dean's Office the cost of the taxi ride.

Questions should be directed to the Director of Administration.
