

# UCSF ANTI-RACISM INITIATIVE

## A NEW IMPERATIVE

Determining collective actions and response to Black Lives Matter movement

As an organization dedicated to improving health, UCSF must work to dismantle structural racism and the impact of bias. We must build and nurture diverse health care and science leaders, provide the highest quality of care to all of our patients, and live the full meaning of our principles of community and PRIDE Values. To achieve a community defined by these values, we have launched the UCSF Anti-
